

Ceftorque S 375

Ceftorque S 375 combines Ceftriaxone and Sulbactam in a lower-strength formulation to treat gram-positive and gram-negative bacterial infections, including UTIs, respiratory infections, and ear, nose and throat infections.

Dosage Form

Injection

Route of Administration

Intravenous (IV) / Intramuscular (IM)

Composition

Each vial contains:

- Ceftriaxone Sodium (Sterile) eq. to Anhydrous Ceftriaxone 250 mg
- Sulbactam Sodium (Sterile) eq. to Anhydrous Sulbactam 125 mg

Indications

Ceftorque S 375 is indicated for the treatment of urinary tract infections, respiratory tract infections, bacteremia, sepsis, meningitis, abdominal infections, infections of the bones, joints, skin, soft tissues and wounds, ear, nose and throat infections, acute bacterial otitis media, and uncomplicated gonorrhea caused by susceptible microorganisms.

Storage

Store at a temperature not exceeding 25°C. Protect from sunlight, heat, and moisture.

Precautions

Use only under the supervision of a qualified healthcare professional. Consult your physician before use if you have a history of allergy to cephalosporins, penicillins, or other antibiotics. Caution is advised in patients with kidney or liver impairment. Use during pregnancy and breastfeeding only if prescribed by a physician. Complete the full course of treatment as directed.

Presentation

375 mg glass vial.
