

Glycort E/E Drops 10ml

Glycort Eye/ Ear Drops contains Gentamicin, an aminoglycoside antibiotic effective against both gram-positive and gram-negative organisms. Dexamethasone is a very potent and highly selective long-acting glucocorticoid.

Dosage Form

Eye/Ear Drops

Route of Administration

Topical

Composition

Each ml contains:

- Gentamicin as Gentamicin Sulphate I.P. 0.3% w/v
- Dexamethasone 0.1% w/v
- Benzalkonium Chloride Solution (as preservative) I.P. 0.02% v/v
- Sterile Aqueous Buffered Vehicle q.s.

Indications

Used for the treatment of bacterial eye and ear infections, including conjunctivitis, keratitis, and blepharitis, particularly infections caused by susceptible gram-negative organisms.

Storage

Store in a cool, dry place. Protect from light.

Precautions

Avoid use in patients with hypersensitivity to any component of the formulation. Do not touch the dropper tip to any surface to prevent contamination. Discontinue use and consult the physician if irritation persists or worsens. Prolonged or indiscriminate use may increase the risk of glaucoma, cataract, and fungal infections. Use within one month after opening and do not use if the solution contains particles or suspended matter.

Presentation

10 ml bottle
