

Ometorque 20 Capsules (STRIP)

Ometorque 20 contains Omeprazole, a proton pump inhibitor used to treat hyperacidity and gastro-oesophageal reflux disease (GERD).

Dosage Form

Capsule

Route of Administration

Oral

Composition

Each capsule contains:

- Omeprazole (as enteric-coated pellets) I.P. 20 mg

Indications

Ometorque 20 is indicated for the treatment of hyperacidity, gastro-oesophageal reflux disease (GERD), acid reflux, heartburn, peptic ulcer disease, and other conditions associated with excessive gastric acid secretion. It helps reduce stomach acid production and promotes healing of acid-related gastrointestinal disorders.

Storage

Store below 25°C. Protect from moisture and light.

Precautions

Use only as prescribed by the physician. Swallow the capsule whole before food, preferably in the morning. Do not crush, chew, or open the capsule. Long-term use may be associated with vitamin B12 deficiency, low magnesium levels, bone fractures, and kidney-related disorders. Consult your physician before use if you have liver disease, are pregnant or breastfeeding, or are taking other medications. Keep out of reach of children.

Presentation

20 × 15 Capsules in a Cardboard Carton
