

Omimac-20 Capsules

Omimac-20 is a proton pump inhibitor capsule containing Omeprazole, used to treat acid reflux, GERD, and stomach ulcers.

Dosage Form

Capsule

Route of Administration

Oral

Composition

Each hard gelatin capsule contains:

- Omeprazole (as enteric coated pellets) I.P. 20 mg
- Excipients q.s.

Indications

Used for the management and treatment of uncomplicated heartburn, peptic ulcer disease, gastroesophageal reflux disease (GERD), Zollinger-Ellison syndrome, erosive esophagitis, gastric ulcers, and Helicobacter pylori infection.

Storage

Store below 25°C. Protect from light and moisture.

Precautions

Avoid use in patients with hypersensitivity to omeprazole or any component of the formulation. Proton pump inhibitors may cause acute kidney injury; seek medical advice if signs of kidney problems develop. Use only as prescribed by the physician.

Presentation

20x20 capsules
