

Torque's Pantotor 40 Tablets

Pantotor-40 tablet is a medication that includes pantoprazole, a proton pump inhibitor used to reduce stomach acid production.

Dosage Form

Tablet

Route of Administration

Oral

Composition

Each gastro-resistant tablet contains:

- Pantoprazole Sodium Eq. to Pantoprazole I.P. 40 mg
- Excipients q.s.

Indications

Used for the treatment of gastro-esophageal reflux disease (GERD), heartburn, erosive esophagitis, acid peptic disease, Helicobacter pylori eradication, and prophylaxis of esophageal gastric variceal bleeding. Also used in the treatment and prevention of NSAID-related gastric and gastroduodenal injury.

Storage

Store protected from moisture at a temperature not exceeding 30°C.

Precautions

Avoid use in patients with hypersensitivity to pantoprazole or any component of the formulation. Proton pump inhibitors may cause acute kidney injury; seek medical advice if signs or symptoms of kidney problems occur. Use only as prescribed by the physician.

Presentation

20 x 15 tablets
