

Torque's Moxi Gard-D Eye Drops 10ml

Moxifloxacin 0.5% Eye Drop is an antibiotic used to treat eye bacterial infections. It relieves the symptoms of the infection by stopping the further growth of the causative microorganisms. Dexamethasone is a very potent and highly selective long-acting glucocorticoid.

Dosage Form

Eye Drops

Route of Administration

Ocular

Composition

Each ml contains:

- Moxifloxacin HCl eq. to Moxifloxacin 0.5% w/v
- Dexamethasone Sodium Phosphate eq. to Dexamethasone Phosphate I.P. 0.1% w/v
- Benzalkonium Chloride Solution (Preservative) I.P. 0.02% v/v

Indications

Used for the treatment of bacterial eye infections such as conjunctivitis, particularly when associated with inflammation.

Storage

Store protected from light and moisture.

Precautions

Avoid use in patients with hypersensitivity to moxifloxacin, other quinolones, or any component of the formulation. Do not touch the dropper tip to any surface to prevent contamination. Discontinue use and consult the physician if irritation persists or worsens. Use within one month after opening and do not use if the solution contains particles or suspended matter.

Presentation

10 ml bottle
