

Torque's Torzyme Syrup 200ml

Torzyme syrup is a combination of Fungal diastase with Pepsin and a group of B-Vitamins. Fungal diastase is a starch-degrading enzyme used as an effective digestive aid, helping digest carbohydrates and starch. Pepsin is a digestive protease that degrades protein into peptides and amino acids.

Dosage Form

Oral Liquid

Route of Administration

Oral

Composition

Each 15 ml (after mixing the contents of the Part I bottle with the Part II bottle) contains:

- Diastase (1:2500) (Part I, separate bottle) I.P. 40 mg
- Pepsin (Part II) I.P. 60 mg
- Thiamine Hydrochloride (Part II) I.P. 4.5 mg
- Riboflavin Phosphate Sodium (Part II) I.P. 4.5 mg
- Pyridoxine Hydrochloride (Part II) I.P. 1.5 mg
- Niacinamide (Part II) I.P. 45 mg
- D-Panthenol (Part II) I.P. 5 mg
- Flavoured non-syrupy base q.s.

Indications

Indicated for flatulence, functional dyspepsia, impaired digestion, and abdominal discomfort.

Storage

Store in a cool, dry, and dark place. After mixing, maintain at room temperature (25°C) and consume within 10 days.

Precautions

Avoid use in patients with hypersensitivity to any ingredient. Add the contents of the separate Part I bottle to the main Part II bottle before use, shake well, and consume within 10 days after mixing.

Presentation

200 ml bottle
